Ventana Sur Online wants to keep the focus on the **LATAM film and audiovisual industry**, at a time when some countries of the continent are unfortunately going through some of the most complicated sanitary situations of the globe.

ON THE VENTANA SUR ONLINE PLATFORM

you will find, as you used to do along the past years joining us in Puerto Madero:

Latam Projects

through the same selections: Primer Corte, Blood Window, Proyecta, Animation! and Copia Final.

Conferences

through a series of panels and discussions.

Companies to meet with:

sales agents in Avenida de Negocios and institutions in Plaza del Sur.

Screenings

in virtual theaters.

A daily press coverage

on activities and movies.

Join us

...to stay connected with the Latam audiovisual industry!

So that the **vivid energy** that has **never stopped getting stronger** ever since Ventana Sur was launched 11 years ago is maintained.

And so that we can all meet in Buenos Aires in 2021!
